### Our "It's Never 2 Late" Interactive Computer System Has Arrived!!

We are so excited to introduce our new "It's Never 2 Late" (iN2L) computer system which allows so much interaction with our residents. This includes One-to-One Activities, Memory Care Activities, Group Activities, an Interactive Bike and Joystick for independent games, and a Music Maker. This system has something for everyone. iN2L will allow us to put together a "My Story" for each resident with permission, which provides a snapshot of each resident so community staff can provide the best possible care. Family members can also skype and stay connected. We would like to invite you to stop by the Activity Department and we will be glad to show you some of the fun things we can provide for your loved one.

### Does your loved one have any missing clothes?

Laundry has acquired several unmarked items of clothing. If you have recently brought in any new clothing items for your loved one, could you please check with us to see if any of the items belong to your resident? With Christmas just around the corner we know new clothes will be coming in. Please drop all new clothing off to the Social

Service Office. Kassie will make sure that they are delivered to Laundry and are tagged properly to avoid items being lost. Be sure to also let staff know when you are taking clothes home so that they can be removed from the inventory list. Thank you for your cooperation.
